Virtual

Advanced Front End Web Development

Jan 2022 – March 2023

The Odin Project

Virtual

Full Stack Web Development Curriculum

Jan 2021 – Dec 2022

German University In Cairo

Cairo, Egypt

B.Sc. Pharmacy and Biotechnology

Sep 2007 – Sep 2012

PROJECTS

Storefront Backend API | Node.js, TypeScript, PostgreSQL, Jasmine (testing)

- <https://github.com/AhmedSaadKader/udacity-storefront-backend>
- Developed a robust API for a shopping application with a comprehensive database schema covering users, products, and orders/carts.

Image Processing API | Node.js, TypeScript, Jasmine (testing)

- <https://github.com/AhmedSaadKader/image-processing-api>
- Engineered an image processing API to dynamically resize images based on URL parameters, optimizing frontend load times.

Pharmacy ERP System | React, Firebase (database)

- <https://epharmacy-az.web.app/>
- Developed an Enterprise Resource Planning (ERP) system for managing pharmacy operations efficiently.
- Implemented real-time database interactions with Firebase for inventory management, sales tracking, and user authentication.

Where's Waldo? A Photo Tagging App | React, Firebase (database)

- <https://where-s-waldo-aza.web.app/>
